

# IFRS AT A GLANCE

## IFRS 11 *Joint Arrangements*

# IFRS 11 Joint Arrangements

## SCOPE

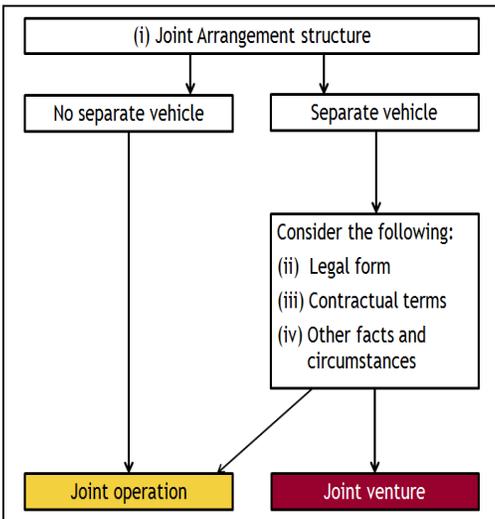

<p>IFRS 11 applies to all parties subject to a joint arrangement. A joint arrangement (JA):</p> <ul style="list-style-type: none"> <li>• Binds the parties by way of contractual agreement (does not have to be in writing, instead it is based on the substance of the dealings between the parties)</li> <li>• Gives two (or more) parties joint control.</li> </ul>	<p>Joint arrangements are classified either as:</p> <ul style="list-style-type: none"> <li>• Joint operation - parties have rights to the assets, and obligations for the liabilities of the JA</li> <li>• Joint venture - parties have rights to only the net assets of the JA.</li> </ul>
--	---

## JOINT CONTROL (JOINT DE-FACTO CONTROL, SUBSTANTIVE RIGHTS, PROTECTIVE RIGHTS)

<p><i>Joint control</i></p> <p>Joint control is based on the same control principle as IFRS 10 Consolidation (i.e. Power, exposure to variable returns, ability to use power to affect variable returns).</p> <p>Joint control is the contractually agreed sharing of control in relation to decisions regarding the relevant activities and requires the unanimous consent of the controlling parties (refer to IFRS 10 for definition of relevant activities). This can be explicit or implicit:</p> <ul style="list-style-type: none"> <li>• E.g. joint control exists if two parties hold 50% voting rights, and a 51% majority is required to make decisions regarding relevant activities</li> <li>• E.g. joint control does not exist if, after considering all contractual agreements, the minimum required majority of voting rights can be achieved by more than one combination of parties agreeing together.</li> </ul>	<p><i>Joint de-facto control</i></p> <p>Joint de-facto control is based on the same de-facto control principle as IFRS 10. Joint de-facto control only exists if the parties are contractually bound to vote together in relation to decisions on relevant activities. In assessing joint de-facto control, an entity may consider previous voting attendance, but not previous voting results (i.e. whether other parties historically voted the same way as the entity).</p> <p><i>Substantive and protective rights</i></p> <p>The assessment of substantive and protective rights is based on the same principles as IFRS 10:</p> <ul style="list-style-type: none"> <li>• Substantive rights (rights that can be practically exercised) are considered in assessing power</li> <li>• Protective rights (rights designed to protect the interests of the holder) are not considered in assessing power.</li> </ul>
<p>Arrangements are not within the scope of IFRS 11 if joint control (or joint de-facto control) does not exist (i.e. no contractual unanimous consent required for decisions that relate to the relevant activities of the arrangement).</p>	

## CLASSIFICATION OF JOINT ARRANGEMENTS (AS EITHER JOINT OPERATIONS OR JOINT VENTURES)

Classification depends upon the assessment of the rights and obligations of the parties, and considers the JA's: (i) Structure; (ii) Legal form; (iii) Contractual terms; (iv) Other facts and circumstances (refer to boxes below).

### (i) Structure

JAs not structured through a separate vehicle are classified as a joint operation.  
JAs structured through a separate vehicle may be classified as a either a joint operation or joint venture depending on analysis of (i),(ii),(iii) below.

### (ii) Legal form

The legal form of the separate vehicle may be relevant in determining whether parties have rights to assets and obligations for liabilities, or the rights to net assets of the JA. However, must consider whether any contractual terms (iii) and/or other facts and circumstances (iv) impact the rights of the parties conferred by the legal form.

Partnerships: Legal form that may give the parties rights to assets and liabilities, rather than net assets. JA therefore may be classified as a joint operation or joint venture depending on the rights and obligations that the parties to the arrangement have and the legal environment in the country of incorporation.

Unlimited liability vehicles: Legal form does not give parties rights to assets, merely guarantees liabilities. JA is therefore classified as a joint venture.

### (iii) Contractual terms

Usually, the rights and obligations agreed in the contractual terms are consistent, or do not conflict, with those conferred by legal form (ii).

However parties must assess contractual terms to confirm is in fact the case.

On their own, guarantees provided to third parties, and obligations for unpaid or additional capital do not result in an obligation for liabilities and hence classification as a joint operation.

### (iv) Other facts and circumstances

Other facts and circumstances may:

- Give parties rights to substantially all economic benefits from the JA
- Cause the JA to depend on the parties to continuously settle its liabilities.

E.g. JAs designed to primarily sell output to the parties give the parties substantially all economic benefits, and means the JA relies on cash flows from the parties to settle its liabilities. JA is therefore classified as a joint operation.

# IFRS 11 Joint Arrangements

## RECOGNITION AND MEASUREMENT: JOINT CONTROLLING PARTIES

**Joint operations**

Consolidated/Individual Financial Statements

A joint operator recognises in relation to interest in a joint operation:

- Its assets, including its share of any assets held jointly
- Its liabilities, including its share of any liabilities incurred jointly
- Its revenue from the sale of its share of the output arising from the joint operation
- Its expenses, including its share of any expenses incurred jointly.

The above are accounted for in accordance with the applicable IFRSs.

---

Separate Financial Statements

Same treatment as for consolidated/individual financial statements detailed above.

**Joint ventures**

Consolidated/Individual Financial Statements

Apply the equity method in accordance with IAS 28 *Investments in Associates and Joint Ventures* (unless the entity is exempted from applying the equity method)<sup>1</sup>.

---

Separate Financial Statements

Recognise interest either:

- At cost
- As a financial asset in accordance with IFRS 9 *Financial Instruments* or IAS 39 *Financial Instruments: Recognition and Measurement*.

## RECOGNITION AND MEASUREMENT: ENTITIES THAT PARTICIPATE, BUT DO NOT HAVE JOINT CONTROL ('NON-JOINT CONTROLLING PARTIES')

In some instances, there may be other parties who are investees in a joint arrangement but do not themselves have joint control of the joint arrangement.

**Joint operations**

(non-joint controlling party has contractual rights and obligations to assets, liabilities, expenses, and revenues)

Account for its contractual share of assets, liabilities, expenses, and revenues in both its

- Consolidated/Individual financial statements
- Separate financial statements.

**Joint operations**

(non-joint controlling party does not have contractual rights and obligations to assets, liabilities, expenses, and revenues)

Consolidated/Individual Financial Statements

Assess for significant influence in accordance with IAS 28 (i.e. as an associate):

- If present: apply the equity method<sup>1</sup> in accordance with IAS 28 (unless the entity is exempted from applying the equity method)<sup>1</sup>.
- If not present: financial asset (IAS 39/IFRS 9).

---

Separate Financial Statements

Assess for significant influence in accordance with IAS 28:

- If present: either (i) at cost (ii) financial asset (IAS 39/IFRS 9)
- If not present: financial asset (IAS 39/IFRS 9).

**Joint ventures**

Identical to joint operations where the non-joint controlling party does not have contractual rights and obligations to assets, liabilities, expenses and revenues (i.e. assess for significant influence, and then account for accordingly).

**<sup>1</sup> Equity method exemption**

Venture capital organisation, mutual funds, unit trusts, investment-linked insurance funds, and similar entities may elect to measure associates and joint ventures at fair value through profit or loss in accordance with IFRS 9 *Financial Instruments* rather than apply the equity method.

**DISCLOSURE**

Refer to IFRS 12 *Disclosure of Interests in Other Entities*.

## TRANSITION REQUIREMENTS

The general principle of retrospective application applies to the adoption of IFRS 11. However Appendix C of IFRS 11 contains a number of simplified transition requirements and relief from certain disclosures usually required with retrospective application, including:

- Retrospective application from the beginning of the immediately preceding period (i.e. not the earliest period presented)
- Disclosure of the effect of the change in accounting policy (IAS 8 *Accounting Policies, Changes in Accounting Estimates and Errors* paragraph 28(f)) only for the immediately preceding period (i.e. not the current period or any other earlier period presented).

Appendix C of IFRS 11 also contains specific transition application guidance in respect of:

- Joint ventures—transition from proportionate consolidation to the equity method
- Joint operations—transition from the equity method to accounting for assets and liabilities
- Transition provisions in an entity's separate financial statements.

## Amendments to IFRS 11 (Effective 1 January 2016)

An entity is required to apply all of the principles of IFRS 3 *Business Combinations* when it acquires an interest in a joint operation that constitutes a business as defined by IFRS 3.
