

**IFRS AT A GLANCE**  
**IAS 37 *Provisions, Contingent Liabilities and Contingent Assets***

# IAS 37 *Provisions, Contingent Liabilities and Contingent Assets*

## SCOPE

Excludes provisions, contingent liabilities and contingent assets arising from:

- ▶ Non-onerous executory contracts
- ▶ Those covered by other IFRSs:
  - IAS 12 *Income Taxes*
  - IFRS 16 *Leases*, except for a lease that becomes onerous before the lease commencement date
  - IAS 19 *Employee Benefits*
  - IFRS 17 *Insurance Contracts*, IFRS 4 *Insurance Contracts*
  - Contingent consideration of an acquirer in a business combination IFRS 3 *Business Combinations*
  - IFRS 15 *Revenue from Contracts with Customers*, unless contract becomes onerous.

## DEFINITIONS

- ▶ **Provision** - a liability of uncertain timing or amount.
- ▶ **Contingent liability**
  - A possible obligation that arises from past events, whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly in the control of the entity; or
  - A present obligation that arises from past events that is not recognised because:
    - it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
    - the amount of the obligation cannot be measured with sufficient reliability.
- ▶ **Contingent asset** - possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

## RECOGNITION

### PROVISIONS

Provisions are recognised when all of the following conditions are met:

- ▶ The entity has a present legal or constructive obligation as a result of a past event
- ▶ It is probable that an outflow or economic benefits will be required to settle the obligation; and
- ▶ A reliable estimate can be made of the amount of the obligation.

### CONTINGENT LIABILITIES

Contingent liabilities are not recognised.

### CONTINGENT ASSETS

Contingent assets are not recognised.

# IAS 37 Provisions, Contingent Liabilities and Contingent Assets

## RECOGNITION (continued)

### MEASUREMENT

- ▶ Provisions are measured at the best estimate of the expenditure required to settle the present obligation at reporting date.
- ▶ Where the provision being measured involves a large population of items (i.e. goods' warranties), the obligation is estimated by weighting all possible outcomes by their associated probabilities.
- ▶ In determining the best estimate, the related risks and uncertainties are taken into account
- ▶ Where the effect of the time value of money is material, the amount of the provision is the present value of the expenditures expected to be required to settle the obligation. The discount rate used is a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the liability
  - The discount rate does not reflect risks for which future cash flow estimates have been adjusted.
- ▶ Future events that may affect the amount required to settle the obligation are reflected in the amount of the provision where there is sufficient objective evidence that they will occur
- ▶ Gains from the expected disposal of assets are not taken into account in measuring the provision
- ▶ Reimbursements from third parties for some or all expenditure required to settle a provision are recognised only when it is virtually certain that the reimbursement will be received. The reimbursement is treated as a separate asset, which cannot exceed the amount of the provision
- ▶ Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate
- ▶ If it is no longer probable that an outflow of economic benefits will be required to settle the obligation, the provision is released
- ▶ Provisions are not recognised for future operating losses.

### ONEROUS CONTRACTS

- ▶ Onerous contract - one where the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it
- ▶ For onerous contract, the provision is recognised and measured at the lower of:
  - The cost of fulfilling the contract
  - The costs/penalties incurred in cancelling the contract.
- ▶ Before a separate provision for an onerous contract is recognised, an entity recognises any impairment loss (IAS 36 Impairment of Assets) that has occurred on assets used in fulfilling the contract .
- ▶ The cost of fulfilling a contract comprises the costs that relate directly to the contract. Costs that relate directly to a contract consist of both: (a) the incremental costs of fulfilling that contract—for example, direct labour and materials; and (b) an allocation of other costs that relate directly to fulfilling contracts—for example, an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling that contract among others

### RESTRUCTURING

Restructuring provisions are only permitted to be recognised when an entity has:

- ▶ A detailed formal plan for the restructuring identifying:
  - The business or part of business concerned; principal locations affected; location, function, approximate number of employees to be compensated for termination of their services; expenditures that will be undertaken and when the plan will be implemented.
- ▶ Has raised a valid expectation in those affected that it will carry out the restructuring by starting to implement that plan or announcing (e.g. by a public announcement) its main features to those affected before the end of the reporting period
- ▶ Restructuring provisions only include the direct expenditures arising from the restructuring - i.e. those that are both necessarily entailed by the restructuring and not associated with the entity's on-going activities.

# Contact

This publication has been carefully prepared, but it has been written in general terms and should be seen as broad guidance only. The publication cannot be relied upon to cover specific situations and you should not act, or refrain from acting, upon the information contained therein without obtaining specific professional advice. Neither BDO IFR Advisory Limited, and/or any other entity of BDO network, nor their respective partners, employees and/or agents accept or assume any liability or duty of care for any loss arising from any action taken or not taken by anyone in reliance on the information in this publication or for any decision based on it.

The BDO network (referred to as the 'BDO network' or the 'Network') is an international network of independent public accounting, tax and advisory firms which are members of BDO International Limited and perform professional services under the name and style of BDO (hereafter 'BDO member firms'). BDO International Limited is a UK company limited by guarantee. It is the governing entity of the BDO network.

Service provision within the BDO network in connection with corporate reporting and IFRS Accounting Standards (comprising International Financial Reporting Standards, International Accounting Standards, and Interpretations developed by the IFRS Interpretations Committee and the former Standing Interpretations Committee), and other documents, as issued by the International Accounting Standards Board and IFRS Sustainability Disclosure Standards as issued by the International Sustainability Standards Board, is provided by BDO IFR Advisory Limited, a UK registered company limited by guarantee. Service provision within the BDO network is coordinated by Brussels Worldwide Services BV, a limited liability company incorporated in Belgium.

Each of BDO International Limited, Brussels Worldwide Services BV, BDO IFR Advisory Limited and the BDO member firms is a separate legal entity and has no liability for another entity's acts or omissions. Nothing in the arrangements or rules of the BDO network shall constitute or imply an agency relationship or a partnership between BDO International Limited, Brussels Worldwide Services BV, BDO IFR Advisory Limited and/or the BDO member firms. Neither BDO International Limited nor any other central entities of the BDO network provide services to clients.

BDO is the brand name for the BDO network and for each of the BDO member firms.
